U.S. Ports of Entry

In Texas

2015

TEXAS WIDE OPEN FOR BUSINESS

Overview

U.S. Ports of Entry

Ports of Entry are officially designated areas at U.S. land borders, seaports, and airports which are approved by U.S. Customs and Border Protection (CBP). There are 328 official ports of entry in the U.S. and 13 preclearance offices in Canada and the Caribbean.

Port personnel are the face at the border for most cargo and visitors entering the United States. At Ports, CBP officers or Port employees accept entries of merchandise, clear passengers, collect duties, enforce the import and export laws and regulations of the U.S. federal government, and conduct immigration policy and programs. Ports also perform agriculture inspections to protect the nation from potential carriers of animal and plant pests or diseases that could cause serious damage to the nation's crops, livestock, pets, and the environment.

For current or further information on U.S. and Texas ports, check the CBP website at www.cbp.gov/border-security/ports-entry or contact the CBP at:

1300 Pennsylvania Avenue, N.W.
Washington, D.C. 20229
Inquiries (877) 227-5511
International Callers (202)325-8000

Texas Ports of Entry

Texas currently has 29 official U.S. ports of entry, more than any other state, according to the CBP website. The map below provides details.

Information on the Texas ports of entry follows, in alphabetical order, in the next section.
