Welcome to the online survey on accessible parking. Your participation is greatly appreciated and will help guide the Texas legislature in reviewing the status of accessible parking throughout the state and any need for changes to our state's parking laws. Your survey responses will be kept anonymous and will be combined with other responses to provide a more informed view of accessible parking issues in Texas. Participating in this survey should take approximately 15 minutes.

Please contact the Texas Governor's Committee on People with Disabilities at gcpd@gov.texas.gov if you have questions about or need assistance with this survey.
1. Are you . . .?
   - Female
   - Male
2. What is your age?

- □ 16 - 21
- □ 22 - 30
- □ 31 - 45
- □ 46 - 65
- □ 66 and over
3. Which best describes your ethnic background?

- Asian/Pacific Islander
- Black/African-American
- Caucasian/White
- Hispanic/Latino
- Native American/Alaska Native
- Other/Multi-Racial
- Decline to Respond
4. What is the highest level of education you have completed?

- [ ] 12th grade or less
- [ ] Graduated high school or less
- [ ] Technical school or trade school
- [ ] Associate's degree
- [ ] Bachelor's degree
- [ ] Post-graduate degree
5. What is your zip code?
6. Are you a veteran?

☐ Yes

☐ No
7. Do you currently qualify for an accessible parking space for persons with a disability?

☐ Yes

☐ No
8. If you qualify for an accessible parking space, please select your qualification(s). Choose all that apply. (You may select option A or B and multiple items under B.)

- **A. Mobility:** Cannot walk 200 feet without stopping to rest.
- **B. Assisted mobility:** Cannot walk without the use or assistance of a device, including a brace, cane, crutch or another person or prosthetic device
  - 1. Wheelchair: Cannot ambulate without a wheelchair or similar device
  - 2. Respiratory: Is restricted by respiratory problems or lung disease
  - 3. Oxygen: Uses portable oxygen
  - 4. Cardiac: Has a cardiac condition classified as Class III or Class IV according to the American Heart Association
  - 5. Foot Disorder: Has a foot disorder that a podiatrist states limits or impairs a person's ability to walk
  - 6. Other: Arthritic, neurological, orthopedic, or another debilitation condition that a practicing physician states limits or impairs a person's ability to walk
  - 7. Legally blind: Visual acuity is 20/200 or less in the better eye with correcting lenses
  - 8. Legally blind: Visual acuity is more than 20/200 but with a limited field of vision where the widest diameter of the vision field has an angle of 20 degrees or less
9. Are you . . .? Choose all that apply.

☐ A primary driver with a disability who needs no assistance.

☐ A primary driver with a disability who needs assistance from a personal care attendant or companion.

☐ A passenger with a disability who needs no assistance.

☐ A passenger with a disability who needs assistance from a personal care attendant or companion.

☐ A personal care attendant or companion who provides transportation for a person with a disability.

☐ A driver for a disability support organization that provides transportation for persons with a disability.

☐ Other (please specify):

10. How often do you drive a car or other passenger vehicle?

- [ ] Daily
- [ ] Weekly
- [ ] A few times a month
- [ ] Rarely
- [ ] Never
11. What type of vehicle is used in providing transportation for the person with the disability? Choose all that apply.

☐ Sedan
☐ Van with a side lift or ramp
☐ Van with a rear lift or ramp
☐ Truck
☐ Bus
☐ Motorcycle

Other (please specify):
12. What is your functional need for an accessible parking space? Choose all that apply.

- [ ] Key factor in determining my ability to lead an independent life.
- [ ] I have a need to open the driver/passenger door fully in order to load/unload a manual wheelchair.
- [ ] I have a need to deploy a side ramp/lift with plenty of clearance to navigate the wheelchair off a vehicle ramp.
- [ ] I have a need for driver side clearance for a wheelchair lifting crane to swing clear of the truck bed backend and deliver the wheelchair to the vehicle cab. I
- [ ] need an access aisle for disability loading needs.
- [ ] I have a need for close parking to limit distance traveled.
- [ ] I have a need for close parking to limit safety issues for crossing a busy parking lot.
- [ ] I have a need for close parking to safely load/unload a passenger with a disability.
- [ ] Other (please specify):

[ ]
13. For accessible parking, do you have . . .? Choose all that apply.

☐ Two permanently disabled person (blue) placards (Please note the terms placard and hangtag are interchangeable)

☐ One set of disabled person license plates for a motor vehicle and one permanently disabled person (blue) placard

☐ One disabled person license plate for a motorcycle and one permanently disabled person (blue) placard

☐ One or two temporarily disabled person (red) placards

☐ Disabled Veteran (DV) specialty license plates and a disabled parking placard

☐ None of the above. I borrow a vehicle with a disabled license plate or placard from friends or family as needed.

☐ Other (please specify):

   [Blank space for input]
14. How often do you encounter insufficient accessible parking in the community?

- Every day
- Several times a week
- Once a week
- Once a month
- Never
15. What difficulty do you encounter the most often? Choose all that apply.

- Accessible spots are all filled
- No van accessible space with access aisle
- Access aisle is too small for ramp deployment
- Someone has parked their vehicle in the access aisle
- The accessible path of travel from the accessible space into my destination (store, hospital) is blocked or obstructed
- Other (please specify):
  
  [ ]
16. Please rank the following accessible parking solutions. Rank them from most helpful to least helpful to you.

<table>
<thead>
<tr>
<th>Solution</th>
<th>Most helpful</th>
<th>Very helpful</th>
<th>Helpful</th>

27. Do you agree with the following statement? "Accessible parking fraud and abuse is widespread in the community."

- [ ] Strongly Agree
- [ ] Agree
- [ ] Neutral
- [ ] Disagree
- [ ] Strongly Disagree
28. Do you agree with the following statement? "Fines alone will solve accessible parking fraud and abuse."

- [ ] Strongly Agree
- [ ] Agree
- [ ] Neutral
- [ ] Disagree
- [ ] Strongly Disagree
29. Do you agree with the following statement? "A combination of fines and education is the best way to reduce accessible parking fraud and abuse."

- [ ] Strongly Agree
- [ ] Agree
- [ ] Neutral
- [ ] Disagree
- [ ] Strongly disagree
30. To reduce accessible parking fraud and abuse by people WITHOUT disabilities, some states and communities are moving from exempting everyone with accessible parking placards from paying parking meter fees to a tiered system where some people will be exempt.

For instance, people given a meter-exempt placard and allowed to park for free may include: someone with no hand dexterity or unable to reach above 42 inches high or someone unable to approach a meter because of a wheelchair, cane or crutch.

Would you be in favor of moving toward a system like this in Texas if it resulted in more accessible parking spaces and less parking fraud?

- [ ] Yes
- [ ] No
- [ ] Maybe if / Other comments (please specify):
31. Texas law allows vehicles with Disabled Veterans specialty plates to park in accessible parking spots. However, Texas law does not state that the veteran must have a MOBILITY disability to use the accessible parking spot.

Would you be in favor of a change in law that in order to use an accessible parking spot the Disabled Veteran must meet the same qualifications for accessible parking plates/placards as other Texas citizens?

- [ ] Yes
- [ ] No
- [ ] Maybe if / Other comments (please specify):

[Box for comments]
32. Studies have shown that accessible parking abuse is a growing problem statewide. Enforcement has been inconsistent due to a high ticket dismissal rate as Texas has one of the highest fines in the country for accessible parking violations. When an educational alternative is offered to judges and prosecutors, repeat offender violations either decline or go away altogether.

Would you support a change in law that would keep the current high fines for accessible parking violations but require judges to offer an educational alternative with a reduced fine upon course completion as a deterrent for repeat offenders?

- Yes
- No
- Maybe if / Other comments (please specify):
33. Education is a frequent strategy in helping address accessible parking violations and fraud and abuse. What do you think may be the most effective means of educating the public on accessible parking?

- Court-assigned offender education program for accessible parking violators
- Mandatory training on accessible parking requirements upon receipt of disability license plates and placards
- Adding accessible parking to the driver’s education curriculum for new driver-in-training
- Include accessible parking information in the Texas Driver Handbook issued by the Texas Department of Public Safety Driver License Division
- A statewide public information campaign on accessible parking similar to "Don't Mess with Texas"

Other (please specify):

 blank
34. Would you be in favor of restricting half of the accessible parking spaces at small businesses to "van accessible only" parking spots even if it reduced overall parking access for all individuals with a disability who may not drive a van but depend upon accessible parking?

☐ Yes

☐ No
35. Would you be in favor of reducing the number of disabled parking placards that are issued to an individual with a disability from one license plate and two placards to only one license plate and one placard to reduce overall accessible parking fraud and abuse?

☐ Yes

☐ No
36. Is there anything else you would like to share with us about your experience with accessible parking?
Thank you for taking the time to complete this survey. Your participation in this project has been valuable, and we greatly appreciate your feedback.
