

## **Major Events Reimbursement Program**

### Report on the 2015 NCAA Division I Football Bowl Subdivision National Championship

Date of Event: January 12, 2015

Report Publish Date: July 25, 2016

## BACKGROUND

---

The Major Events Reimbursement Program (formerly the "Major Events Trust Fund") permits local governments and local organizing committees to apply to the State for the establishment of a Major Events Reimbursement Fund to help pay for certain eligible costs associated with conducting specifically-named major events if all statutory and administrative requirements are met pursuant to Article 5190.14, Section 5A, Vernon's Texas Civil Statutes. The fund established for each event consists of amounts deposited by the State and local government of the estimated incremental increase in tax receipts, as determined by the State, that are directly attributable to the preparation for and presentation of the event for a one-year period. The period begins two months before the date of the event and continues for ten months thereafter. In accordance with statute, the estimated increase in tax receipts is limited to amounts collected within a designated market area, and only to amounts collected from five specific tax types.

The Legislature transferred the administration of the program from the Texas Comptroller of Public Accounts ("Comptroller's Office") to the Economic Development and Tourism Office within the Office of the Governor ("OOG") during the 84th Legislative Session, with an effective date of September 1, 2015. A number of major events that were initially approved for reimbursement by the Comptroller's Office were transferred to the Office of the Governor for the final disbursement of funds and administrative close-out. As part of these duties, Article 5190.14, Section 5A(w) requires the Office of the Governor to use existing resources to complete a post-event study in the market area of eligible major events.

This post-event economic impact study provides the best available information regarding the direct tax effects of the 2015 NCAA Division I Football Bowl Subdivision National Championship Game.

## SUMMARY OF EVENT

---

The 2015 NCAA Division I Football Bowl Subdivision National Championship Game (the "event") between the Ohio State Buckeyes and Oregon Ducks was held on January 12, 2015 at AT&T Stadium in Arlington. The NCAA was the Site Selection Organization for the event. A Site Selection Letter was submitted to the Comptroller's Office as a part of the application to the program. See Appendix A for the application, including the Site Selection Letter.

According to the attendance report provided to the Comptroller's Office by Stadium Events Organizing Committee, the Local Organizing Committee (LOC) for the event, the total attendance was 85,689. This total attendance included fans, athletes, coaches, press, staff, and other non-ticketed but credentialed attendees. The LOC further estimated that 66 percent of the total attendees, or 56,249, were from out-of-state; this OOG report makes no assumptions about the accuracy of this reported estimate.

## METHODOLOGY

---

The methodology established to determine the direct tax effects of the event by the OOG began with collecting tax data for the five applicable taxes for the most precise period available. Collection of information requires interagency cooperation. Some tax data is available for a monthly period and by city or county. However, some taxes are collected statewide and are only reported quarterly or annually.

Since daily tax collection data is unavailable, specific taxes collected for only the days during which the event occurred cannot be determined. After collecting the available data, the OOG compared the tax information for the month of the event in the market area to the same month of years prior to the event. Comparing data from the event to the same time period of the following year cannot be done since the report is due prior to the following year's data being available. The OOG assessed other factors that could also affect the tax data. Some of the factors include: population growth, crowding out effects, other events being held in the market area during January 2014 (the year prior to the event being held), or different events held in the market area during January 2015 (the month the event was held). Crowding out can include locals leaving town or staying home to avoid frequented businesses due to the influx of visitors. The OOG does not have information available regarding events that do not apply to any of the Events Trust Fund programs to factor into the comparison. These reasons prevent the OOG from determining the actual amount of incremental tax increases of the 2015 NCAA Division I Football Bowl Subdivision National Championship Game utilizing existing resources.

## APPLICABLE STATE TAXES

---

In accordance with the Major Events Reimbursement Program statute, the estimated increase in tax receipts attributed to major events are limited to amounts collected within a designated market area, and only to amounts collected from five specific tax types. The five state taxes are: 1) state sales and use taxes; 2) hotel occupancy taxes; 3) mixed beverage taxes; 4) motor vehicle rental taxes; and 5) wholesale alcoholic beverage taxes. Information on each of these tax types are summarized as follows:

### Sales & Use Tax

The sales and use tax rate of 6.25 percent is assessed on all tangible personal property and certain services. The sales and use tax is collected by the Comptroller's Office either monthly, quarterly, or annually based on certain qualifications. Since the period of collection varies by business, determining the taxes directly attributable to the event is not attainable. This report reflects that data for the quarter. This tax is also likely to be affected by crowding out.

### Hotel Occupancy Tax

The state hotel tax rate is 6.0 percent and is collected on either a monthly or quarterly basis. The Comptroller's Office collects only the state tax portion of the hotel tax, while cities and counties are primarily responsible for collecting their own local hotel taxes. Similar to sales and use tax, the variation of periods that the tax is collected from businesses results in an indeterminable incremental tax increase as a result of the event. Most hotels report monthly, therefore, this report reflects the monthly data.

### Motor Vehicle Rental Tax

The motor vehicle gross rental receipts tax is imposed on motor vehicle rentals. The tax rate is based on the length of the rental contract listed below:

- 10% for contracts of 1-30 days
- 6.25% for contracts exceeding 30 days but no longer than 180 days.

Not all cities collect a local tax for car rental, and taxes are collected from the rental company for all rentals across the state, not by city or county. Additionally, a car might be rented from several locations

for the event. For these reasons, the motor vehicle rental taxes leveraged in a period cannot be isolated and directly attributed to the event.

### Mixed Beverage Tax

The gross receipts tax of 6.70 percent is charged with the sale of mixed beverages on the amount received from the sale, preparation, or service from the sale of an alcoholic beverage that is consumed on the premises of the mixed beverage permittee. The mixed beverage sales tax of 8.25 percent is imposed on the person or organization holding the mixed beverage permit and not the customer. This tax is collected monthly, but since the mixed beverage sales tax is imposed on the mixed beverage permit holder, it may not be added to the selling price as a separate charge and may not be “backed out” from the amount received. This can result in an inaccurate reporting of spending on mixed beverages by event attendees.

### Title 5 ABC Tax

Tax rates vary depending on beverage type and alcohol content. The Texas Alcoholic Beverage Commission (TABC) Tax Division receives and processes monthly excise tax reports. Manufacturers of alcoholic beverages may only sell to wholesalers/distributors and the wholesalers/distributors may, in turn, sell only to the retailers. Alcoholic beverages become taxable when the beverages are sold at the retail level, and data for tax collection is only available at a state level. Additionally, the Title 5 ABC tax and the mixed beverage tax are likely to be affected by crowding out, resulting in an unmeasurable effect of the event on these taxes.

## TOTAL INCREMENTAL INCREASE IN STATE TAX RECEIPTS

The Major Events Reimbursement Program statute requires the OOG to provide an estimate for the incremental increases in tax receipts expected to be generated by the event based on the five specified tax-types. For this event, the estimate was provided by the Comptroller’s Office and was comprised of both Primary Direct Spending and Secondary Direct Spending (including indirect and induced). The total estimated incremental increase to the state was \$9,249,416. Based on this amount, the Applicant was required to submit a local share of \$1,479,907, resulting in a total trust fund of \$10,729,323 (See Appendix B).

The breakdown of the estimated incremental increase of state taxes from the Primary and Secondary Direct Spending are shown below:

Type of Expenditure	Primary - Direct		Secondary - Indirect		Secondary - Induced	
	Spending	Taxes	Spending	Taxes	Spending	Taxes
Hotels and motels, including casino hotels	\$24,628,740	\$1,477,724	\$11,628,852	\$510,284	\$11,892,294	\$691,267
Eating and Drinking Establishments	\$19,173,908	\$1,198,369	\$8,467,333	\$421,259	\$9,726,364	\$565,222
Alcoholic Beverages (Mixed & Title 5 ABC)	\$5,614,386	\$418,152	\$2,479,353	\$123,351	\$2,848,014	\$165,505
Event Expenses	\$126,278	\$7,863	\$895,114	\$38,052	\$779,836	\$45,378
Auto Rental	\$2,027,388	\$202,739	\$9,481,619	\$473,223	\$15,765,903	\$916,072
Shopping and Entertainment (Aggregated)	\$25,766,328	\$1,610,396	\$50,062	\$2,841	\$103,487	\$6,019
<b>TOTAL</b>	<b>\$77,337,028</b>	<b>\$4,915,243</b>	<b>\$33,002,333</b>	<b>\$1,569,009</b>	<b>\$41,115,898</b>	<b>\$2,389,463</b>

Note: The table does not include \$375,702 in sales taxes from ticket sales, which the Comptroller’s Office has determined to have no secondary economic impact in Texas.

Primary Spending was estimated by the Comptroller's Office based on projected attendance and projected event spending. Estimated attendee spending was broken down by five (5) expenditure categories: Food and Beverage (Sales & Use Tax); Entertainment and Shopping (Sales & Use Tax); Lodging (Hotel Occupancy Tax); Rental Car (Car Rental Tax); and Alcohol (Mixed Beverage and Title 5 ABC taxes). The estimated incremental increases in state and local taxes were then calculated for each spending category. The Comptroller's Office defined the market areas for the event as Dallas and Tarrant counties.

Secondary Spending estimates were derived by the Comptroller's Office by inputting the results of the corresponding expenditure categories from estimated Direct Spending, along with a NAICS industry code, into the IMPLAN economic modeling software platform. The Comptroller's Office used the IMPLAN model to develop estimated tax impacts for Secondary Spending. For developing its estimated Secondary Spending, the Comptroller's Office used a statewide market area instead of the Dallas/Tarrant counties market area.

The Comptroller's estimated incremental total tax increase to the State was \$9,249,416. In order to maintain state-to-local share ratio of 6.25:1, the endorsing local community was required to deposit its share of \$1,479,907 to the Events Trust Fund in order to receive the maximum state contribution.

## STATE TAX RECEIPT IMPACTS FROM DIRECT SPENDING

The following table is based on the best information the OOG was able to gather on tax receipts for the five tax-types specified in the Events Reimbursement Fund statute. The chart shows amounts for February 2015 since the event occurred in January and taxes are collected in the month following the event. Four of five tax types in the market area saw an increase in receipts when comparing tax receipts around the time period when the event was held with the same time period the year before. However, changes in tax receipts cannot reliably be attributed to any particular event.

## EVENT DEADLINES RELATED TO PROGRAM

---

The following program deadlines were verified to have been completed as follows (see Appendix C for documentation):

- Application Received (including Site Selection letter): 06/03/14
  - Deadline: 11/28/2014, or no later than 45 days prior to the event
- Event Support Contract Received: 12/23/14
  - Deadline: 1/12/2015, or prior to the event
- Attendance Certification Received: 02/12/15
  - Deadline: 2/16/2015, or no later than 45 days after the event
- Local Share Received: 04/07/15
  - Deadline: 4/12/2015, or no later than 90 days after the event
- Disbursement Request Received: 06/12/15
  - Deadline: 7/11/2015, or no later than 180 days after the event

## CONCLUSION

---

Given the available data and constrained to the use of existing resources, it is unlikely that the economic impact directly attributable to the preparation and presentation of the event is measurable with any reasonable degree of accuracy. Using available resources, the data is inconclusive in determining the actual economic impact of the event. Neither a positive nor negative impact is determinable since the tax information provided showed both increases and decreases in taxes collected. The available and reported tax data cannot reliably be attributed to any particular event, while some data cannot even be attributed to any particular market area. The economic variables and limited detail of tax and participant data make it impossible to isolate the incremental tax generated by one particular event to the Texas economy. The development of a reasonably accurate economic impact study requires data state government cannot feasibly capture, such as the actual number of out-of-state-visitors attributable to the event, the actual per-day spending by each event attendee for each of the five allowable tax types, and the length of stay of each attendee. The OOG will continue to examine the collection and reporting of information relating to these major events in an effort to identify options for improvement in data collection to ensure that the purposes of the statutory post-event reporting requirement can be achieved.

AT&T Stadium in Arlington, Texas will be the location of various components of the 2015 NCAA FBS Championship, including the National Championship Game.

The City of Arlington has endorsed, and confirms by this letter its endorsement of, the 2015 NCAA FBS Championship, and requests your office (i) initiate and establish the Major Events Trust Fund (the "Fund") pursuant to article 5190.14, VERNON'S TEXAS CIVIL STATUTES, Section 5A (the "Act") for the 2015 NCAA FBS Championship; (ii) provide a determination under Subsection (b) of the Act, and (iii) undertake the Comptroller's responsibilities and duties set forth in the Act with respect to the Fund.

Re: 2015 NCAA Division I Football Bowl Subdivision National Championship in North Texas

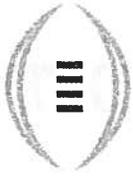

Dear Deputy Comptroller:

We are delighted to confirm that after a highly competitive selection process (including sites not located in Texas), the City of Arlington, Texas, together with the City of Dallas, Texas, have been selected as the sole site to host the 2015 NCAA Division I Football Bowl Subdivision National Championship and related activities (the "Championship"). Stadium Events Organizing Committee is the authorized local organizing committee for the Championship.

Beginning with the 2014 college football season, the conferences and independent institutions that compete in the NCAA Division I Football Bowl Subdivision will embark upon a new playoff arrangement to determine a once-annual college football national champion. This exciting new postseason format, known as The College Football Playoff ("CFP"), is designed to maintain the great traditions of intercollegiate football while integrating them into a playoff format that crowns an annual national champion. The Championship will be the culmination of the CFP, and a great celebration of college football itself.

We fully expect the Championship to become the most important college football game played each season and the most notable opportunity for the college football community as a whole to express its appreciation for the game, the fans, and the students who attend the nation's colleges and universities, and to build ties with the communities hosting the Championship that will have beneficial effects long after the final whistle has blown and the championship trophy has been awarded. For the City of Arlington and the City of Dallas, the Championship will provide an opportunity not only to share in the celebration of college football but also to reap economic rewards that will benefit the area as a whole. The national championship games played as part of the prior Bowl Championship Series ("BCS") demonstrated that such games can be an economic engine that provides substantial help to host communities. The Championship will be an even bigger and more anticipated event than past BCS contests.

The Championship Game will be held on January 12, 2015, at AT&T Stadium in Arlington, Texas. Related activities will be held in Arlington and Dallas. On a competitive basis, sites outside Texas were considered to host the Championship, and we have and will consider sites outside Texas to host future events. Additional information regarding the Championship is available at <http://www.collegefootballplayoff.com>.

We are very excited about the upcoming football season and look forward to working with Stadium Events Organizing Committee and the cities of Arlington and Dallas in hosting the inaugural Championship.

Dear Deputy Comptroller:

Shipping/Overnight Address:  
1802 Alonzo Watford Sr. Drive  
Indianapolis, Indiana 46202

This letter is to confirm that the College Football Playoff (CFP) national championship game is an NCAA certified postseason bowl game. In that regard, the CFP is empowered to determine the championship of the NCAA Division I Football Bowl Subdivision (FBS) for 2015 as well as the site for that event.

[www.ncaa.org](http://www.ncaa.org)

Postseason bowls are an extra contest played after the end of the regular season and for student-athletes involve additional practice time, physical dedication, risk of injury and, consequently, require NCAA authorization and regulation to protect student-athlete safety and well-being. The purpose of NCAA bowl certification is to ensure that the bowls reflect the collegiate model of intercollegiate athletics. In that context, the NCAA and its members have a strong interest in assuring the bowls are governed with integrity, that they are managed in a way that is consistent with student-athlete welfare, and that their commercial, promotional and sponsorship activities are consistent with the values associated with collegiate sports.

Regarding the CFP, beginning with the 2014 college football season, the conferences and independent institutions that compete in the NCAA Division I FBS begin a new postseason system (replacing the Bowl Championship Series) to determine the national champion. As part of this new system, The CFP has the authority to select the site for the National Championship Game.

The inaugural National Championship Game has been certified by the NCAA and will be held on January 12, 2015, and we understand that The CFP has selected AT&T Stadium in Arlington, Texas to host the National Championship Game and that related activities will be held in Arlington and Dallas, Texas.

I hope that this clarifies the NCAA's role in postseason bowl certification as well as the CFP's authority to determine the national championship game site.
