## **Major Events Reimbursement Program**

Report on the 2019 Formula 1 United States Grand Prix

Date of Event: November 1-3, 2019

## BACKGROUND

---

The Major Events Reimbursement Program permits local governments and local organizing committees to apply to the State for the establishment of a Major Events Reimbursement Fund to help pay for certain eligible costs associated with conducting specifically-named major events if all statutory and administrative requirements are met pursuant to Article 5190.14, Section 5A, Vernon's Texas Civil Statutes. The fund established for each event consists of amounts deposited by the State and local government of the estimated incremental increase in tax receipts, as determined by the State, that are directly attributable to the preparation for and presentation of the event for a one-year period. The period begins two months before the date of the event and continues for ten months thereafter. In accordance with statute, the estimated increase in tax receipts is limited to amounts collected within a designated market area, and only to amounts collected from five specific tax types.

The Legislature transferred the administration of the program from the Texas Comptroller of Public Accounts ("Comptroller's Office") to the Economic Development and Tourism Office within the Office of the Governor ("OOG") during the 84th Legislative Session, with an effective date of September 1, 2015. As part of these duties, Article 5190.14, Section 5A(w) requires the Office of the Governor to use existing resources to complete a post-event study in the market area of eligible major events.

This post-event economic impact study provides the best available information regarding the direct tax effects of the 2019 Formula 1 United States Grand Prix.

## SUMMARY OF EVENT

---

The 2019 Formula 1 United States Grand Prix (the "event") was held November 1-3, 2019 at the Circuit of the Americas in Austin. Formula One Management Ltd. was the Site Selection Organization for the event. A Site Selection Letter was submitted to the OOG as a part of the application to the program. See Appendix A for the application, including the Site Selection Letter.

According to the attendance report provided to the OOG by the Circuit Events Local Organizing Committee (CELOC), the Applicant for the event, the total attendance was 104,903 fans. CELOC further estimated that 58 percent of the total attendees, or 60,844, were from out-of-state. This OOG report makes no assumptions about the accuracy of this reported estimate.

## METHODOLOGY

---

The methodology established to determine the direct tax effects of the event by the OOG began with collecting tax data for the five applicable taxes for the most precise period available. Collection of information requires interagency cooperation. Some tax data is available for a monthly period and by city or county. However, some taxes are collected statewide and are only reported quarterly or annually. Since daily tax collection data is unavailable, specific taxes collected for only the days during which the event occurred cannot be determined. After collecting the available data, the OOG compared the tax information for the month of the event in the market area to the same month of years prior to the event. Comparing data from the event to the same time period of the following year cannot be done since the report is due prior to the following year's data being available. The OOG assessed other factors that could

also affect the tax data. Some of the factors include: population growth, crowding out effects, other events being held in the market area during November 2018 (the year prior to the event being held), or different events held in the market area during November 2019 (the month the event was held). Crowding out can include locals leaving town or staying home to avoid frequented businesses due to the influx of visitors. The OOG does not have information available regarding events that do not apply to any of the Events Trust Fund programs to factor into the comparison. These reasons prevent the OOG from determining the actual amount of incremental tax increases of the 2019 Formula 1 United States Grand Prix utilizing existing resources.

## APPLICABLE STATE TAXES

---

In accordance with the Major Events Reimbursement Program statute, the estimated increase in tax receipts attributed to major events are limited to amounts collected within a designated market area, and only to amounts collected from five specific tax types. The five state taxes are: 1) state sales and use taxes; 2) hotel occupancy taxes; 3) mixed beverage taxes; 4) motor vehicle rental taxes; and 5) wholesale alcoholic beverage taxes. Information on each of these tax types are summarized as follows:

### Sales & Use Tax

The sales and use tax rate of 6.25 percent is assessed on all tangible personal property and certain services. The sales and use tax is collected by the Comptroller's Office either monthly, quarterly, or annually based on certain qualifications. Since the period of collection varies by business, determining the taxes directly attributable to the event is not attainable. This report reflects that data for the quarter. This tax is also likely to be affected by crowding out.

### Hotel Occupancy Tax

The state hotel tax rate is 6.0 percent and is collected on either a monthly or quarterly basis. The Comptroller's Office collects only the state tax portion of the hotel tax, while cities and counties are primarily responsible for collecting their own local hotel taxes. Similar to sales and use tax, the variation of periods that the tax is collected from businesses results in an indeterminable incremental tax increase as a result of the event. Most hotels report monthly, therefore, this report reflects the monthly data.

### Motor Vehicle Rental Tax

The motor vehicle gross rental receipts tax is imposed on motor vehicle rentals. The tax rate is based on the length of the rental contract listed below:

- 10% for contracts of 1-30 days
- 6.25% for contracts exceeding 30 days but no longer than 180 days.

Not all cities collect a local tax for car rental, and taxes are collected from the rental company for all rentals across the state, not by city or county. Additionally, a car might be rented from several locations for the event. For these reasons, the motor vehicle rental taxes leveraged in a period cannot be isolated and directly attributed to the event.

## Mixed Beverage Tax

The gross receipts tax of 6.70 percent is charged with the sale of mixed beverages on the amount received from the sale, preparation, or service from the sale of an alcoholic beverage that is consumed on the premises of the mixed beverage permittee. The mixed beverage sales tax of 8.25 percent is imposed on the person or organization holding the mixed beverage permit and not the customer. This tax is collected monthly, but since the mixed beverage sales tax is imposed on the mixed beverage permit holder, it may not be added to the selling price as a separate charge and may not be “backed out” from the amount received. This can result in an inaccurate reporting of spending on mixed beverages by event attendees.

## Title 5 ABC Tax

Tax rates vary depending on beverage type and alcohol content. The Texas Alcoholic Beverage Commission (TABC) Tax Division receives and processes monthly excise tax reports. Manufacturers of alcoholic beverages may only sell to wholesalers/distributors and the wholesalers/distributors may, in turn, sell only to the retailers. Alcoholic beverages become taxable when the beverages are sold at the retail level, and data for tax collection is only available at a state level. Additionally, the Title 5 ABC tax and the mixed beverage tax are likely to be affected by crowding out, resulting in an unmeasurable effect of the event on these taxes.

## TOTAL INCREMENTAL INCREASE IN STATE TAX RECEIPTS

---

The Major Events Reimbursement Program statute requires the OOG to provide an estimate for the incremental increases in tax receipts expected to be generated by the event based on the five specified tax-types. For this event, the estimate was comprised of both Primary Direct Spending and Secondary Direct Spending (including indirect and induced). The total estimated incremental increase to the state was \$23,116,616. Based on this amount, the Applicant was required to submit a local share of \$3,698,659 according to the state-to-local share ratio of 6.25:1, resulting in a total trust fund of \$26,815,275 (See Appendix B).

The breakdown of the estimated incremental increase of state taxes from the Primary and Secondary Direct Spending are shown below:

Type of Expenditure	Primary - Direct	
	Spending	Taxes
Hotel & Motels	\$ 73,790,877	\$ 4,427,453
Eating & Drinking Establishments	\$ 47,319,687	\$ 2,957,480
Alcoholic Beverages (Mixed & Title 5 ABC)	\$ 47,945,977	\$ 3,289,094
Event Expenses	\$ 21,683,221	\$ 1,355,201
Auto Rental	\$ 9,046,411	\$ 904,641
Shopping & Entertainment (Aggregated)	\$ 51,262,994	\$ 3,203,937
<b>TOTAL</b>	<b>\$ 251,049,167</b>	<b>\$ 16,137,806</b>
*NOTE: There was an estimated \$8,095,420 in post event state tax revenue.		

Primary Spending was estimated by the OOG based on projected attendance and projected event spending. Estimated attendee spending was broken down by five (5) expenditure categories: Food and

Beverage (Sales & Use Tax); Entertainment and Shopping (Sales & Use Tax); Lodging (Hotel Occupancy Tax); Rental Car (Car Rental Tax); and Alcohol (Mixed Beverage and Title 5 ABC taxes). The estimated incremental increases in state and local taxes were then calculated for each spending category. The OOG defined the market area for the event as the Austin Metroplex.

Secondary Spending estimates were derived by the OOG by using an economic model to determine tourism industry employment and statutorily eligible tax impacts associated with the event.

## STATE TAX RECEIPT IMPACTS FROM DIRECT SPENDING

The following table is based on the best information the OOG was able to gather on tax receipts for the five tax-types specified in the Events Reimbursement Fund statute. The chart shows amounts for December 2019 since the event occurred in November and taxes are collected in the month following the event. All tax types in the market area except for title 5 ABC saw an increase in receipts when comparing tax receipts around the time period when the event was held with the same time period the year before. However, changes in tax receipts cannot reliably be attributed to any particular event.

## CONCLUSION

---

Given the available data and constrained to the use of existing resources, it is unlikely that the economic impact directly attributable to the preparation and presentation of the event is measurable with any reasonable degree of accuracy. Using available resources, the data is inconclusive in determining the actual economic impact of the event. Neither a positive nor negative impact is determinable since the tax information provided showed both increases and decreases in taxes collected. The available and reported tax data cannot reliably be attributed to any particular event, while some data cannot even be attributed to any particular market area. The economic variables and limited detail of tax and participant data make it impossible to isolate the incremental tax generated by one particular event to the Texas economy. The development of a reasonably accurate economic impact study requires data state government cannot feasibly capture, such as the actual number of out-of-state-visitors attributable to the event, the actual per-day spending by each event attendee for each of the five allowable tax types, and the length of stay of each attendee. The OOG will continue to examine the collection and reporting of information relating to these major events in an effort to identify options for improvement in data collection to ensure that the purposes of the statutory post-event reporting requirement can be achieved.

Office of the Governor  
Attention: Director  
Texas Economic Development Bank  
Economic Development & Tourism  
Post Office Box 12428  
Austin, Texas 78711

Dear Director:

The City of Austin requests participation in the Major Events Reimbursement Program Fund (MERP) pursuant to TEX. REV. CIV. STAT. ART. 5190.14 Section 5A (Act) as authorized by Austin City Council action contained in Resolution 20110629-002 dated June 29, 2011 in support of the Formula 1 United States Grand Prix event to be held 2012 through 2021 inclusive. This action satisfies the requirements of 10 TAC, Part 5, Section 184.12(a)(2) and documents that Austin is the endorsing municipality in accordance with the Act.

Enclosed is correspondence from Formula One Management Ltd. (FOML) confirming the selection of Austin, Texas as the location for the event to be held November 1 – 3, 2019. The correspondence from FOML satisfies the requirements found at 10 TAC, Part 5, Chapter 184, Subchapter B, Section 184.12(a)(3).

The correspondence from FOML states that the selection of Austin as the location for the event was completed after substantial competition in their process of reviewing a number of venues interested in hosting their series. Further, FOML does not anticipate holding any other similar event in Texas or in any of its contiguous states during any year that the event is held at Circuit of the Americas in Austin. We believe that this supports a finding that Austin was selected as the site for this event consistent with the requirements of 10 TAC Section 184.11(2) and (3).

The Circuit Events Local Organizing Committee is the City's designee to act as the local organizing committee for the event, to make application to the Office of the Governor, Texas Economic Development Bank, for participation of the event in the MERP under the Act, to submit the MERP economic impact analysis, to fund the City's local contribution to the MERP, and to apply for and receive reimbursement of trust funds for eligible expenses from the MERP for the event that is occurring November 1 – 3, 2019.

Sincerely,  
CITY OF AUSTIN, TEXAS

Mr Wayne Hollingsworth

Dear Mr Hollingsworth

**Re: United States Grand Prix – Selection of the City of Austin**

I am writing to confirm the selection of the City of Austin as the site of the upcoming Formula 1 United States Grand Prix, which will be held on November 16-18, 2012 at the permanent race facility owned by Circuit of the Americas, LLC ("COTA"), and to offer some background concerning the selection process.

As early as 2007, I began conferring with cities interested in becoming the site for the United States Grand Prix. Several U.S. cities and locations demonstrated an interest in hosting the event and provided compelling proposals to that effect. The FIA Formula One World Championship (the "*Championship*") is a global sporting event, places on the annual calendar are limited and Formula One Management Ltd. ("*FOML*") has also received strong interest from cities and locations outside the United States that are desirous of staging a round of the Championship. In 2010, Full Throttle Productions, LP ("*Full Throttle*") submitted an application to host the United States Grand Prix at a new facility to be constructed near the City of Austin. After carefully weighing Austin's suitability against that of the other interested cities, in the United States and elsewhere, FOML selected Austin as the location for the United States Grand Prix to be a round of the Championship from 2012 to 2021.

FOML entered into contracts with Full Throttle granting it the rights to promote the United States Grand Prix. Beginning in mid-2011, it became apparent that Full Throttle was having difficulty meeting its obligations, ultimately resulting in the termination of the Austin selection and the related contracts. Construction on the COTA facility was stopped in November 2011. At that time, although competition for an FIA FORMULA ONE WORLD CHAMPIONSHIP was substantial and we had the opportunity to give Austin's place on the 2012 calendar to another location, as the issues that caused FOML to revoke Austin's previous selection were resolved, we evaluated Circuit Events Local Organizing Committee's application and again selected Austin to stage a round of the Championship. We then entered into new contracts for the promotion of the event with COTA.

The fact that Austin was selected, after a highly competitive selection process, to host a round of the FIA FORMULA ONE WORLD CHAMPIONSHIP in the United States and then reselected in late 2011 as our chosen location for a round of the Championship says much about support for the event in the region and our view that Austin is a very desirable location. FOML believes that Austin will be a very successful venue for the United States Grand Prix, and we are looking forward to the inaugural event in November and to many successful events in the future at the new COTA facility.

Yours sincerely
