

2019 Report on State Agency Preparedness for Hurricane Response

Senate Bill 285 (86R) requires the Office of the Governor to publish on its website a report on the preparedness of state agencies for hurricane response that lists the agencies involved in the state’s response to a hurricane. The report must include the contact information for each agency, including the name, e-mail address, and telephone number of the officer or employee who manages the state agency’s response. The report also must note whether the officer or employee who manages each agency’s response has completed emergency management training. The following pages provide the required information by state agency, and all those receiving training did so in 2019.

****This information is NOT for emergency assistance. In an emergency, dial 9-1-1.****

*If you are a **local government** needing resources or other assistance, please contact your local District Coordinator or the State Operations Center (512-424-2208).*
