Work History Requirements

Work Credits

Can earn maximum of 4 credits in one year. A work credit is determined by your earnings that year. In 2023, you earn a credit for every \$1,650 in income up to \$6,560 to get all 4.

Income & Resources

Household income includes those who provide food and shelter. Household income can affect eligibility for SSI. Your earned income will only affect eligibility for SSDI or Survivor benefits.

Resources

Resources are assets such as savings accounts and property. This will only affect eligibility for SSI.

If you are denied for benefits:

You will receive a letter explaining why you were denied. You have 60 days to file an appeal which will be explained in this letter.
