April 29, 2024

The Honorable Joseph R. Biden, Jr.
President of the United States
The White House
1600 Pennsylvania Avenue NW
Washington, D.C.  20500

Dear President Biden:

Title IX was written by Congress to support the advancement of women academically and athletically. The law was based on the fundamental premise that there are only two sexes—male and female. You have rewritten Title IX to force schools to treat boys as if they were girls and to accept every student’s self-declared gender identity. This ham-handed effort to impose a leftist belief onto Title IX exceeds your authority as President.

I am instructing the Texas Education Agency to ignore your illegal dictate. Your rewrite of Title IX not only exceeds your constitutional authority, but it also tramples laws that I signed to protect the integrity of women’s sports by prohibiting men from competing against female athletes. Texas will fight to protect those laws and to deny your abuse of authority.

Sincerely,

Greg Abbott
Governor
